

FUMIGATION AND DISINFESTATION SPRAYER ATTACHMENT

(Tank capacity 600 litres and size 650Lx1600Wx734H mm)

Basic description and features:

- The attachment is provided with Fumigation Tank with inbuilt pump for spraying approved sanitizer and is electrically controlled by operator to avoid unnecessary disinfection spray wastage.
- Disinfectant spraying system nozzles are positioned towards front as well as on both sides to completely sanitize the area around.
- This is a front mounted attachment for Skid Steer Loader with Quick Hitch mechanism for fast and easy mounting/ detaching. Mounting of attachment can be done within 30 seconds.
- Rugged metallic tank (600 litre capacity) made of IS:2062 steel duly coated anti-corrosion paint with suitable pressure pump and nozzles. Attachment can be lifted and tilted, also can be moved towards front/ back if required

Specification:

Length (mm)	650
Width (mm)	1600
Height (mm)	734
Volume (L)	600

Application:

- Useful for spraying disinfectant/chemicals for Corona virus spread.
- Can be used for cleaning dusty leaves of vegetation/small plants
- Best choice to operate in areas with sharp turns and narrow passages due to Low turning radius and low height of machine.
